TO TEMPT

Our region is full of attractions and events. Seinäjoki is the home base of some of the biggest summer events in Finland – experience the thrill of sports events or the Provinssi music festival, Tangomarkkinat tango festival and many other events.

In 2009, a family company opened a restaurant at the renovated Uppala farm, and the wonderful food and service resonate with authenticity, thoughtfulness and integrity. The manor’s farming history is reflected in the use of pure, domestic ingredients and, where possible, local produce from homestead farms. The kitchen uses herbs and edible flowers grown in planter boxes on the manor grounds as well as the bounties of the strawberry field and orchard to create culinary delights for the customers to enjoy.

Our customers include corporate groups, family parties and families with children, for example. Through good service that is customised for each situation, our professional staff put the finishing touches to amazing and comprehensive experiences.
